

Bureau of Mining Regulation and Reclamation

TIME ALLOWED FOR REVIEW OF WATER POLLUTION CONTROL PERMIT APPLICATIONS

(Per NAC 445A.350 to 445A.447)

April 28, 1994

The following time periods are the maximum allowed by the regulations. Actual review times may be substantially less, depending upon Bureau work loads and priorities. Applications will be prioritized to help meet construction schedules and the needs of the applicants.

Note: The technical review will not begin until the applicant has made the application administratively complete. Also, technical review time may be extended by the amount of time needed for the applicant to submit additional information necessary to make the application technically complete.
