

Announcement for Climate Pollution Reduction Grant (CPRG) Final Draft Priority Climate Action Plan (PCAP) Meeting

By the Nevada Division of Environmental Protection (NDEP) and Governor’s Office of Energy (GOE) with Sustainability Solutions Group (SSG) and Erika Aviles Consulting (EAC)

February 12, 2024, 1:00 pm – 2:30 pm

<p>In-Person Option Please register for this Carson City meeting</p>	<p>Richard Bryan Building Bonnie Conference Room, 1st Floor 901 S. Stewart Street Carson City, NV 89701</p>
<p>Online Option Please register for link.</p>	<p>ZOOM hosted by SSG and EAC</p>

If receiving this document as a hard copy, you can access the meeting information at <https://ndep.nv.gov/posts> and search for the CPRG Final PCAP Meeting Announcement.

Purpose

This meeting will include an overview presentation of the final draft PCAP, a facilitated Q&A session, and an opportunity for public comment. Please register for the meeting so we know how many people to expect as there may be limited in-person space available. In-person participants should bring their phone to use for this meeting.

Background

NDEP’s Air Program and the GOE have been working with SSG on identifying preliminary emissions reductions measures for CPRG’s PCAP development. The intent of the PCAP is to identify near-term, implementation-ready strategies, initiatives, and other projects that aim to reduce greenhouse gases (GHG) emissions from selected sectors. The PCAP relies on input received from interested and affected parties through email submissions, community workshops, and a focus group convening to identify priority measures applicable to the State of Nevada.

A draft PCAP will be made available for comment from February 8 until midnight, February 18, 2024. Access to this draft document can be obtained through NDEP’s CPRG

Members of the public who require special accommodations or assistance at the meeting can request accommodations by emailing ndep.cprg@ndep.nv.gov or by calling 775-687-9349.

PROTECTION**

STATE OF NEVADA
Department of Conservation & Natural Resources

Joe Lombardo, *Governor*
James A. Settelmeyer, *Director*
Jennifer L. Carr, *Administrator*

website and written comments can be submitted to NDEP's CPRG email, both of which are provided at the bottom of this announcement.

A Comprehensive Climate Action Plan (CCAP) will be due in 2025. The intent of the CCAP is to build upon the PCAP by identifying all GHG sources, sinks, and sectors present in the state and establish near- and long-term reduction strategies. The engagement process for the CCAP will begin later this year. Outreach events are held to establish meaningful engagement with all interested parties, especially low-income and disadvantaged communities, during development. Public and stakeholder comments to improve outreach and engagement efforts are encouraged and always ongoing.
