NOTICE OF PROPOSED ACTION

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes and/or the Clean Water Act, where applicable. The Administrator has received an application for a Groundwater Discharge, permit number NS0010019 from the following applicant:

CITY OF WEST WENDOVER
101 SOUTH HWY 93A
WEST WENDOVER, NV - 89883

Permit NS0010019, WEST WENDOVER WASTEWATER TREATMENT PLANT:

The Permittee, City of West Wendover, has applied for the renewal of Permit NS0010019 for the West Wendover Wastewater Treatment Plant (WWTP), located south of the City of West Wendover, at 101 South Alternate Highway 93 A, in Elko County. The Permittee proposes to continue discharging tertiary-treated, denitrified Category "B" bacteriological quality, per Nevada Administrative Code (NAC) 445A.276, reclaimed water to the Toana Vista Golf Course (permit NS2016510) for irrigation.

The West Wendover WWTP is located south of the City of West Wendover, at 101 South Alternate Highway 93 A, in Elko County. The WWTP utilizes membrane bioreactor (MBR) technology and receives domestic sewage, including commercial wastewater, from the residents in West Wendover, Nevada. The WWTP services a customer base of approximately 5,000 residents, several casinos, and light commercial businesses (e.g., restaurants, motels, convenience stores).

The WWTP is made up of headworks, anoxic basins, aeration basins, membrane bioreactors, UV disinfection, and storage ponds with a pipeline distribution system to the Toana Vista Golf Course.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes, as amended, and implementing regulations, the Administrator proposes to issue Permit NS0010019 to discharge for a five (5) year period, subject to certain effluent limitations.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance should submit their comments or request, in writing, hand delivered or postmarked no later than 5:00 P.M. on 10/10/2026, either in person or by mail to:

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determination(s) regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.

A public hearing on the proposed determination can be requested by the applicant, any affected State, any affected interstate agency, the Regional Administrator of EPA Region IX or any interested agency, person or group of persons. The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. Any public hearing determined by the Administrator to be held must be conducted in the geographical area of the proposed discharge or any other area the Administrator determined to be appropriate.
