

## NOTICE OF PROPOSED ACTION

by the  
State of Nevada  
Division of Environmental Protection  
Bureau of Air Pollution Control

### PUBLIC NOTICE

Pursuant to Nevada Revised Statutes (NRS) Chapter 445B, the Nevada Administrative Code (NAC) Chapter 445B, and the Clean Air Act, the Nevada Division of Environmental Protection is issuing the following Notice of Proposed Action.

The Director received an application for a renewal of Class I Air Quality Operating Permit (Title V), AP4922-3128 (FIN A1002) from the following applicant:

Ruby Pipeline, LLC  
370 Van Gordon Street,  
Lakewood, CO 80228

Ruby Pipeline, LLC – Wieland Flat Compressor Station is located from Elko along state route 225, 6.5 miles north of intersection of state route 225 and state route 226. The project is located in all or portions of Sections 28 and 29, Township 39 N, Range 55 E, M.D.B.&M.

Ruby Pipeline is proposing to renew their existing Class I AQOP in this permit action. Ruby Pipeline operates the Wieland Flat Compressor Station facility which is a natural gas compressor station and utilizes two Solar Titan 130 natural gas turbine compressors. The compressors pressurize the natural gas to facilitate delivery of the gas along the transmission pipeline, extending from Opal, Wyoming to Malin, Oregon, via northern Nevada, for a total distance of 675 miles.

On the basis of the preliminary review and the requirements of the NRS, the NAC and the Clean Air Act, the Director is hereby announcing his intent to issue the proposed Class I Air Quality Operating Permit based on a review of the information submitted. A copy of this document, the draft operating permit, and the Director's Review will be available for public inspection at <https://ndep.nv.gov/posts>.

Persons wishing to comment regarding this proposed action, or to request a hearing pursuant to NRS 445B Air Pollution and NAC 445B Air Controls, should submit their comments or request in writing, either in person or by mail within thirty (30) days to:

Jaimie Mara  
Nevada Division of Environmental Protection  
Bureau of Air Pollution Control  
901 South Stewart Street, Suite 4001  
Carson City, Nevada 89701  
[aircomments@ndep.nv.gov](mailto:aircomments@ndep.nv.gov)

The application, Director's Review, proposed permit, any comments received, and other relevant information may be copied at the above address or copies may be obtained by written request to the above address. Written comments or objections will be received at NDEP, above address, until **June 3, 2026**, and will be retained and considered prior to final action on the proposed Class I Air Quality Operating Permit.

The BAPC will submit the proposed Class I Air Quality Operating Permit to the U.S. Environmental Protection Agency (EPA) for a 45-day review period on the same day the 30-day public comment period commences. If the BAPC has not addressed any received comments in a satisfactory manner, and the EPA does not object to the Class I Air Quality Operating Permit during its review period, the public may submit a petition to the EPA requesting to reconsider issuance within 60 days after the expiration of the 45-day review period.

Please bring the foregoing notice to the attention of all interested persons.
